

SHAPING NEW MEXICO ONE LEADER AT A TIME.

Over the past twenty-five years, Leadership New Mexico has identified and enhanced leaders throughout New Mexico by providing a forum for participants to strengthen their knowledge of challenges and opportunities facing our state. Leadership New Mexico participants and alumni are from diverse ethnic, gender, regional and business backgrounds and continue to grow and touch all of New Mexico's communities, large and small. There have been more than 1,600 participants from 85 communities across the state. Leadership New Mexico celebrates the legacy of "Shaping New Mexico, One Leader At A Time." It is through program graduates like Dawn and organizations like Lovelace Women's Hospital that we create a better future for our great state.

Lovelace Women's Hospital is the only hospital in New Mexico dedicated to women's health, and with safety always being its highest priority, is still one of the very safest places to deliver or visit for medical attention.
